Computer Science Student | English Learner at British Council Egypt
| Adaptable Team Player

Hey, I'm Yousef Ragab Ebeid, delving into Computer Science at Arab Open University egypt. I'm all about coding, algorithms, and soaking in the tech world. Also, brushing up on my English skills at British Council Egypt to bridge the language gap.

•Thriving under pressure? Yep, that's my thing. Whether it's coding challenges or tight deadlines, I handle it with ease, always finding solutions. And teamwork? It's my secret sauce. I love collaborating, and my group projects not only polished my tech skills but also fueled my passion for teamwork.

•I'm on a mission to make a mark in the tech scene, bringing my adaptability and teamwork spirit to the table. Excited to blend my tech know-how with language skills, I'm all in for learning, growing, and conquering new challenges.
